

# ***Bosco Printed Circuits (Pty) Ltd will be running a Special Promotion during the month of July 2017.***

- All **locally** manufactured prototypes with solder-mask and silkscreen, will carry an origination cost of **R 350.00**. We will aim to maintain a 1-2 working day production time, however due to an anticipated increase in work load we may take a few extra days and communicate with you accordingly.

Our standard prototype panel gives you a working area of: 243mm x 291mm.

- For the month of June 2017, all new **locally** manufactured production orders from **4 Sqm** and more will not incur origination costs.

Please visit [www.Bosco.co.za](http://www.Bosco.co.za) to check you our capabilities and specifications on locally manufactured boards.

**Validity of the promotion is from 1<sup>st</sup> of July to 31<sup>st</sup> July ONLY!!!**

Bosco Printed Circuits terms and conditions apply.

***We thank you for your continued support***
